Upon installation of the Software, the Software may detect an installed database software application from Oracle or Microsoft, and if so, the Software will be fully installed. If no installed database software application from Oracle or Microsoft is detected, the Software will not install until such time as Licensee installs a valid and Software compatible copy of an Oracle database or a Microsoft SQL Server database and consents to the license terms of such database software application. If Licensee does not agree to the terms of the Oracle database license or the Microsoft

SQL Server license, or if the Licensee fails to install such database software, the Software will not work. Licensee is responsible for maintaining a valid database license in accordance with the Oracle or Microsoft license agreement (which ever is applicable) at all times.

- (d) Restrictions on Use.** Licensee may use the Software only for its internal business purposes and on the identified equipment on which the Software was first installed or for which it is otherwise licensed; provided, however, that Licensee may temporarily use the Software on a back-up system in the event that the primary licensed system is inoperative or test system not used for production but solely for the purposes of testing the Software.  - (v)** sublicense, assign, or transfer the Software or this license for the Software to any Person;
 - (vi)** reproduce, distribute, or publicly display the Software;

The Software delivered by Licensor to Licensee and the archival copy shall be stored at Licensee's principal business office. If you purchased a network license of the Software, you may install one additional copy of the Software on your network for the limited purpose of testing the Software's operation. Licensee understands and agrees that the source code for the Software is a

valuable copyright and contains valuable trade secrets of Licensor. Licensee agrees not to discover or attempt to discover, or assist or permit any Person to discover or attempt to discover, by any means whatsoever the source code of the Software.

- (i) **Notice of Audit.** Licensor shall provide Licensee with at least five (5) calendar days advance written notice of its intent to exercise the Licensor's Audit Rights.
- (ii) **Conduct of Audit.** The audit conducted by Licensor shall consist of a physical review of the computer hardware, software, and middleware operated by Licensee at its principal business office and any other office for which Licensor, in its sole and arbitrary discretion, deems an audit appropriate. Licensee shall provide Licensor with unrestricted access to its computer hardware, software, and middleware in connection with any audit conducted by Licensor.
- (iii) **Costs of Audit.** If Licensor's audit uncovers a violation of this Agreement by Licensee, Licensee shall pay all costs and expenses incurred by Licensor in exercising the

Licensor Audit Rights, including, without limitation, all attorneys' fees and agent fees incurred by Licensor. If Licensor concludes that no violation of this License Agreement has occurred, Licensor shall bear all costs and expenses incurred in exercising the Licensor Audit Rights. If Licensee obstructs, restricts, or otherwise prevents Licensor from conducting a full and unrestricted audit, Licensee shall bear all costs and expenses, including attorneys' fees, incurred by Licensor in enforcing this Section 2(h) before any court or judicial tribunal.

(iv) Frequency of Audits. Licensor's Audit Rights shall be exercised no more than two (2) times in any one calendar year.

(i) Validity of Intellectual Property Rights. In any action, dispute, controversy, or lawsuit arising out of or related to this Agreement, Licensee shall not contest the validity of Licensor's Intellectual Property Rights related to the Software. Licensee hereby agrees that it has had an opportunity to investigate the validity of Licensor's Intellectual Property Rights, and acknowledges that Licensor's Intellectual Property Rights related to the Software are valid and enforceable.

(j) Material Terms and Conditions. Licensee specifically agrees that each of the terms and conditions of this Section 2 are material and that failure of Licensee to comply with these terms and conditions shall constitute sufficient cause for Licensor to

terminate this Agreement and the license granted hereunder immediately and without an opportunity to cure. This subsection 2(j) shall not be construed to preclude, or in any way effect, a finding of materiality with respect to any other provision of this Agreement.

3. LICENSE FEE

The applicable licensee fees will be set forth in the quote issued to Licensee by Licensor or otherwise established in the applicable purchase order or other ordering documents memorializing your license acquisition.

4. OWNERSHIP

(a) Title. Licensee understands and agrees that Licensor owns all Intellectual Property Rights related to the Software, including custom modifications to the Software, whether made by Licensor or any third party. Licensee agrees that this Agreement effects a license, not a sale, of the Software and that the first sale doctrine, as codified in 17 U.S.C. § 109, does not apply to the transaction effected by this Agreement.

(b) Transfers. Under no circumstances shall Licensee sell, license, sublicense, publish, display, distribute, assign, or otherwise transfer (hereinafter referred to collectively as a "Transfer") to a third party the Software or any copy thereof, in whole or in part, without Licensor's prior written consent. Any Transfer effected in violation of this Section 4(b) shall be void ab initio and of no force or effect.

5. MAINTENANCE AND SUPPORT

Licensor may provide you with support services related to the Software called Product Support Plan ("PSP") services. Use of PSP is governed by the policies and

programs described in the PSP literature or other material from Licensor's Product Support Department (hereinafter referred to as the "PSP Policies") that may be updated by Licensor from time to time. If you select and pay for PSP, the PSP Policies shall be specifically incorporated into this Agreement by this reference. Licensee acknowledges that Licensor may use any technical information provided by Licensee in the course of receiving PSP services for Licensor's business purposes, including for product support and development. Licensor will not utilize such technical information in a manner that identifies Licensee.

6. CONFIDENTIAL INFORMATION

Licensee agrees that the Software contains proprietary information, including trade secrets, know-how and confidential information (hereinafter referred to collectively as the "Confidential Information"), that is the exclusive property of Licensor. During the period this Agreement is in effect and at all times after its termination, Licensee and its employees and agents shall maintain the confidentiality of the Confidential Information and shall not sell, license, publish, display, distribute, disclose or otherwise make available the Confidential Information to any Person nor use the Confidential Information except as authorized by this Agreement. Licensee shall not disclose the Confidential Information concerning the Software, including any flow charts, logic diagrams, user manuals and screens, to persons not an employee of Licensee without the prior written consent of Licensor.

7. LIMITED WARRANTIES

(a) Licensor warrants that the Software will perform substantially in accordance with its documentation for a period of 180 days from the date of shipment of the Software; provided, however, that the foregoing warranty only applies if: (i) Licensee makes

Licensor aware of any defect with the Software within seven (7) days after the occurrence of the defect; (ii) Licensee has paid all amounts due under this Agreement; and (iii) Licensee has not breached any provision of this Agreement. The foregoing warranty does not apply in the event that: (i) the Software and documentation have been subject to misuse, neglect, alteration, modification, customization, improper installation, and/or unauthorized repair; (ii) the Software or any associated software or equipment have not been properly maintained in accordance with applicable specifications and industry standards or have been maintained in unsuitable environmental conditions; or (iii) Licensee has used the Software in conjunction with other equipment, hardware, software, or other technology that created an adverse impact on the operation, functioning, or performance of the Software.

(b) EXCEPT AS SET FORTH IN THIS SECTION 7 AND TO THE EXTENT PERMITTED BY APPLICABLE LAW, ALL EXPRESS AND/OR IMPLIED WARRANTIES OR CONDITIONS, INCLUDING BUT NOT LIMITED TO IMPLIED WARRANTIES OR CONDITIONS OF MERCHANTABILITY, MERCHANTABILITY OF A COMPUTER PROGRAM, INFORMATIONAL CONTENT, SYSTEM INTEGRATION, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT, ARE HEREBY DISCLAIMED AND EXCLUDED BY LICENSOR.

(c) The remedies set forth in this Section 7 are the exclusive remedies available to Licensee for any problem in the performance of the Software.

8. LIMITATIONS ON LIABILITY

- (a) **Limitations and Exclusions.** IN NO EVENT WILL LICENSOR BE LIABLE TO LICENSEE FOR ANY DIRECT, INDIRECT, INCIDENTAL, CONSEQUENTIAL, PUNITIVE OR OTHER SPECIAL DAMAGES, LOST PROFITS, OR LOSS OF INFORMATION SUFFERED BY LICENSEE ARISING OUT OF OR RELATED TO THIS AGREEMENT OR THE USE OF THE SOFTWARE, FOR ALL CAUSES OF ACTION OF ANY KIND (INCLUDING TORT, CONTRACT, NEGLIGENCE, STRICT LIABILITY, BREACH OF WARRANTY OR CONDITION, AND STATUTORY) EVEN IF LICENSOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THE PRECEDING EXCLUSION AND DISCLAIMER OF DAMAGES SHALL APPLY TO ALL CLAIMS MADE BY LICENSEE RELATED TO OR ARISING OUT OF LICENSEE'S USE OF THE SOFTWARE, INCLUDING, BUT NOT LIMITED TO, CLAIMS ALLEGING THAT THE SOFTWARE, OR ANY COMPONENT THEREOF, FAILED OF ITS ESSENTIAL PURPOSE OR FAILED IN SOME OTHER RESPECT.
- (b) **Acknowledgment.** Licensee agrees that the limitations of liability and disclaimers of warranty set forth in this Agreement will apply regardless of whether Licensor has tendered delivery of the Software or Licensee has accepted the Software. Licensee acknowledges that Licensor has set its prices and entered into this Agreement in reliance on the disclaimers of warranty and the limitations and exclusions of liability set forth in this Agreement and that the same form an essential basis of the bargain between the Parties.

9. TERM AND TERMINATION

- (a) **Term.** This Agreement shall commence on the Effective Date and shall continue in existence until it is terminated in accordance with Section 9(b) below.
- (b) **Termination.** Licensor may terminate this Agreement and the license conveyed hereunder in the event that Licensee breaches any provision, term, condition, or limitation set forth in this Agreement, including but not limited to the license restrictions set forth in Section 2(d) of this Agreement.
- (c) **Effect of Termination.** Within ten (10) days after termination of this Agreement and the license granted hereunder, Licensee shall return to Licensor, at Licensee's expense, the Software and all copies thereof, and deliver to Licensor a certification, in writing signed by an officer of Licensee, that all copies of the Software have been returned to Licensor and that Licensee has discontinued its use of the Software.

10. ASSIGNMENT

Licensee shall not assign or otherwise transfer the Software or this Agreement to anyone, including any parent, subsidiaries, affiliated entities or third Parties, or as part of the sale of any portion of its business, or pursuant to any merger, consolidation or reorganization, without Licensor's prior written consent. Any assignment or transfer effected in violation of this Section 10 shall be void ab initio and of no force or effect.

11. FORCE MAJEURE

Neither party shall be in default or otherwise liable for any delay in or failure of its performance under this Agreement if such delay or failure arises by any reason beyond its reasonable control, including

any act of God, any acts of the common enemy, the elements, earthquakes, floods, fires, epidemics, riots, failures or delay in transportation or communications; provided, however, that lack of funds shall not be deemed to be a reason beyond a party's reasonable control. The Parties will promptly inform and consult with each other as to any of the above causes that in their judgment may or could be the cause of a delay in the performance of this Agreement.

12. NOTICES

All notices under this Agreement are to be delivered by depositing the notice in the mail, using registered mail, return receipt requested, to the party's last known principal business address or to any other address as the party may designate by providing notice. The notice shall be deemed delivered four (4) days after the notice's deposit in the mail, if such notice has been sent by registered mail.

13. CHOICE OF LAW

This Agreement (including all Exhibits), including its formation, execution, interpretation, and performance, and the rights and obligations of the Parties hereunder, shall be governed by and construed in accordance with the laws of the Commonwealth of Pennsylvania, without regard to any conflicts of law (or choice of law) principles thereof.

14. CONSENT TO JURISDICTION

In the event that either party initiates litigation relating to or arising out of this Agreement, Licensor and Licensee irrevocably submit to the exclusive jurisdiction of the state or federal court in or for Philadelphia, Pennsylvania for the purposes of any suit, action or other proceeding relating to arising out of this Agreement or any transaction contemplated hereby or thereby ("Legal Proceedings"). Licensee further agree that service of any process, summons, notice, or document by U.S. registered mail to

such Party's respective address shall be effective service of process for any Legal Proceeding. Licensor and Licensee irrevocably and unconditionally waive any objection to personal jurisdiction and/or the laying of venue of any Legal Proceeding in the state or federal court in or for Philadelphia, Pennsylvania, and hereby further irrevocably and unconditionally agree not to plead, argue, or claim in any such court that any Legal Proceeding brought in any such court has been brought in an inconvenient forum and otherwise waive any and all objections to the forum.

15. EXPORT CONTROLS

Licensee shall not export or reexport, directly or indirectly, the Software without complying with the export controls imposed by the United States Export Administration Act of 1979, as amended (or any future U.S. export control legislation) and the regulations promulgated thereunder.

16. GOVERNMENT END USERS

If Licensee is acquiring the Software for or on behalf of a subdivision of the U.S. federal government, this Section 16 shall apply. The Software was developed completely at private expense, is existing computer software, is a trade secret for all purposes of the Freedom of Information Act, is "restricted computer software" and in all respects proprietary data belonging solely to Licensor, and all rights are reserved under the copyright laws of the United States. Use, duplication, or disclosure by the Government is subject to restricted rights as set forth in subparagraphs (a) through (d) of the Commercial Computer Software Restricted Rights clause at FAR 52.227-19, or for DoD units, the restrictions as set forth in subparagraph (c)(1)(ii) of the Rights in Technical Data and Computer Software clause at DFARS 252.227-7013.

17. TRADEMARKS

Licensee agrees that SKF @ptitude Analyst, SKF @ptitude Inspector, SKF @ptitude Observer, SKF @ptitude Decision Support or any other software within the SKF @ptitude family suite and the trade dress, logos and other designations of source used by Licensor to identify the Software are trademarks or registered trademarks of Licensor. Licensee shall not use Licensor's trademarks or service marks without the prior written consent of Licensor. If the Software contains any active links to web sites, you agree to maintain such active links and not redirect or modify them.

18. GENERAL PROVISIONS

- (a) **Complete Agreement.** The Parties agree that this Agreement is the complete and exclusive statement of the agreement between the Parties, which supersedes and merges all prior proposals, understandings and all other agreements, oral or written, between the Parties relating to the use of the Software.
- (b) **Amendment.** This Agreement may not be modified, altered or amended except by written instrument duly executed by both Parties. Any purchase orders or other ordering documents issued to Licensee by Licensor shall not have the effect of amending or modifying this Agreement, and shall only serve to memorialize the number of licenses or products ordered by Licensee. In the event of a conflict between the PSP Policies and this Agreement, the terms of this Agreement shall control.
- (c) **Waiver.** The waiver or failure of either party to exercise in any respect any right provided for in this Agreement shall not be deemed a

waiver of any further right under this Agreement.

- (d) **Severability.** If any provision of this Agreement is invalid, illegal or unenforceable under any applicable statute or rule of law, it is to that extent to be deemed omitted. The remainder of the Agreement shall be valid and enforceable to the maximum extent possible.
- (e) **Read and Understood.** Each party acknowledges that it has read and understands this Agreement and agrees to be bound by its terms.
- (f) **Limitations Period.** No action arising under, or related to, this Agreement, may be brought by either party against the other more than two (2) years after the cause of action accrues, unless the cause of action involves death or personal injury.
- (g) **Attorneys' Fees.** In the event any litigation is brought by either party in connection with this Agreement, the prevailing party in such litigation will be entitled to recover from the other party all the costs, reasonable attorneys' fees, and other expenses incurred by such prevailing party in the litigation.
- (h) **Authorized Representative.** The person installing or using the Software on behalf of Licensee represents and warrants that he or she is legally authorized to bind Licensee and commit Licensee to the terms of this Agreement.
- (i) **Injunctive Relief.** Licensee agrees that Licensor may suffer irreparable harm as a result of a violation of Sections 2, 4, 6, 10, 15, and 17 of this Agreement and that monetary damages in such event would be

substantial and inadequate to compensate Licensor. Consequently, Licensor shall be entitled to seek and obtain, in addition to such other monetary relief as may be recoverable at law or in equity, such injunctive other equitable relief as may be necessary to restrain any threatened, continuing, or further breach by Licensee without showing or proving actual damages sustained by Licensor and without posting a bond.

CM-F0176 (Revision F, January 2011)

@ptitude Analyst Thin Client Transfer

Thin Client Transfer is a small application that deploys very easily and facilitates data transfer to and from Microlog and MARLIN Data Acquisition Devices (DADs), without using the @ptitude Analyst interface.

Thin Client Transfer has two modes of communication:

Direct communicate with an @ptitude Analyst database – This method provides database communication that allows data to be uploaded to and downloaded from a Microlog or MARLIN DAD from a remote client computer, bypassing the @ptitude Analyst application interface. This is done by directly connecting with the @ptitude Analyst database via an optimized connection through the SKF @ptitude Analyst Transaction Server.

This method requires a connection to the Transaction Server at all locations where Thin Client Transfer is installed.

File Transfer – This method allows users to transfer data via a file, without requiring a direct connection between the Microlog or MARLIN DAD and the computer hosting @ptitude Analyst. This is primarily used when data collection occurs at a remote location without an @ptitude Analyst installation.

This method requires a connection to the Transaction Server to upload / download to the @ptitude Analyst installation, but does not require a Transaction Server connection to communicate with the DADs.

A Note About Thin Client Transfer Licenses

Thin Client Transfer File CMSW7320 (file transfer mode) and Thin Client Transfer Direct CMSW7321 (direct database communication mode) products are licensed separately. Each license specifies the number of remote computers that may upload data to @ptitude Analyst. With file based transfer mode, once you upload data from your DAD, one of the licenses for that upload method is permanently tied to the computer that was used to generate the upload file. With Direct connect, a license is used for each concurrent user logged into TCT. When one user logs off, the license becomes available for the next user.

Licenses are validated during connection to the Transaction Server (in the case of TCT Direct) or processing of the upload file (in the case of TCT File). You do not need to enter license keys at each location where Thin Client Transfer is installed; rather, licenses are entered using the License Key Manager on the computer hosting the Transaction Server.

If you have one license key file on your network that is shared by multiple installations of @ptitude Analyst, you may enter the Thin Client Transfer licenses in the License Key Manager at any @ptitude Analyst installation. If each installation uses its own license file, you must enter the keys on the computer hosting the

Transaction Server referenced by Thin Client Transfer, as specified during the Thin Client Transfer installation procedure.

- By default, license key files are stored on the local computer. If you would like to place a copy of the license key file on the network where it can be shared by multiple installations, use the **File / Use File...** menu option in the License Key Manager at each @ptitude Analyst installation.
- If the Thin Client Transfer license key was entered during installation of the Transaction Server host, no further action is required. If it was not already entered, you may enter the key at any time using the License Key Manager.

A Note about Microlog Analyzers and Windows Mobile Device Center

If you intend to use Microlog Analyzers, you must install Microsoft's Windows Mobile Device Center prior to installing Thin Client Transfer. Windows Mobile Device Center offers device management and data synchronization between a Windows Mobile-based device and a computer software for synchronizing devices. Windows Mobile Device Center is compatible with Windows 7, Windows 8.1 and Windows 10. You can download Windows Mobile Device Center from the Microsoft website. Go to <https://support.microsoft.com/en-us/kb/931937> for detailed information about Windows Mobile Device Center and which version you should download.

- You may find that this program has already been installed on your system as part of the Windows 7 or Windows 8 installation.

You must specify whether this computer requires a connection to the transaction server, and if so, the Transaction Server to use with this Thin Client Transfer installation.

This computer will connect to the Transaction Server – Communication between @ptitude Analyst and Thin Client Transfer is handled through the Transaction Server. If this Thin Client Transfer installation will only be used to communicate with the Microlog or MARLIN at a remote location via file transfer (CMSW7320) and does not require a connection to the @ptitude Analyst database, unmark this check box and click **Next**.

- Enter the machine **Name** or IP address of the computer where the Transaction Server is installed.
- Enter the TCP **Port** used for communication with the Transaction Server host. This must match the same port configured on the Transaction Server host.
- Click **Next**. The **Ready to Install the Program** page displays.
