SKF Compass

Release notes

Software version 1.1.7

Release date: 2025-August-06

See what's new in Compass Version 1.1.. New features, enhancements and bug fixes.

1. **New Features**
   1.1. **[Feature 778634](): Support one Observer DB with multiple sites**
   Implemented a method for showing a site in Compass from a specific Observer folder. For devices and sensors, it shows the devices and sensors that are connected to assets in the folder.

2. Enhancements
   2.1. [779456](): IMX-1 user feedback updates:
   - Update the misleading status column (removed green icons)
   - Fixed column titles cut off in different languages
   - Removed battery level over 100%
   2.2. [730068](), [777381](): Overview dashboard UI updates:
   - Shorter row height
   - Highlight rows
   - Insight dashboard icon next to site name
   2.3. [738194](): Status report- Changed "Closed date" to "Action Performed" and move location
   2.4. [738551](): IMx-8/16: Correct device status when channels are not connected
   2.5. [755763](): Open Recommendations: present all RAs when 'Show closed' is checked
   2.6. [778786](): Spanish translation updates
   2.7.

3. Bug Fixes

ID	Details
778892	Site Details page: Label was partially hidden in the header
779455	Fixed Sites dropdown inconsistent behavior
776360	Fixed filter icon UI cutoff in Devices & Sensors table
779583	Analysis Backlog: The reason filter click on checkbox does not changes checkbox state

4. Known Issues

1. [Bug 779563](): IMX-1 dashboard: Missing connected assets
2. [Bug 779248](): Issue with publishing a status report for specific assets because the collected date is after due date

5. Support and Feedback
